Fully Integrated Hire Purchase System

Auspac Hire Purchase System (HP) offers advanced point-of-sale functionality with intuitive Windows™ based user interface, quick instalment calculations, extensive management reporting, and much more to meet the needs of your motorcycle trading business. Our solution provides real-time information to alert you on slow collection, and lets you keep on top of all available stocks and sales. In short, it gives you a complete overview of business transactions and you will be able to track and keep a tight record of all cash, instalment and stock precisely and easily.

Auspac HP is a simple, fast, affordable way to increase productivity through software. It not only replaces your cash register, it also provides the platform to completely automate every aspect of your operation. Complete integration and comprehensive features of HP joined with familiar interfaces makes system easy to learn and deploy. It very much reduces the needs for memorization and long training times.

Some other benefits of our system are:

- Loan processing reduces the time required while increasing accuracy
- Better control on operation cost to increase business profits
- Reduce on human operation error while maintaining business image and improve customer relationship
- Fast keyboard input, on demand reporting, tight credit control

System Features
